

## Manager Consultations

Your EFAP provides you with unlimited consultations to support you in preparing for difficult conversations with your team members.

Kii Health's Manager Consultations are a valuable resource for addressing a wide range of sensitive workplace issues. These consultations are designed to assist managers, supervisors, and people leaders in managing challenging and delicate situations that may arise in the workplace.

### Guidance and support for navigating issues such as:

- Workplace disruptions
- Group dynamics
- Crisis situations
- Managing employees who may be emotionally vulnerable

Additionally, Manager Consultations can help with matters related to workplace diversity and inclusion, as well as complex interpersonal dynamics. Our commitment to offering this comprehensive support underscores our dedication to creating a harmonious and inclusive work environment.

To access these services, individuals can contact Kii, their trusted Employee and Family Assistance Program (EFAP) provider, and connect with a clinical counselor who specializes in addressing their unique management needs.
